This image displays a detailed PCB layout for a memory module, likely a ROM or RAM. The layout is organized on a grid with columns numbered 1 through 8 and rows labeled A through E. The components are represented by small black dots (pads) and larger black squares (components). The layout includes a central area with a dense grid of components, flanked by two large circular mounting holes on the left and right sides. The bottom right corner contains a title block with the following information:
